

# UCSD Surf Safari Personal Equipment Information

We've compiled this detailed equipment list so that you are clear about what you need, what you don't need and what optional items that you can bring. It is imperative that you read the equipment list carefully before purchasing or renting gear for the Surf Orientation program, you likely own many of the items already. Please direct any questions to the Admissions Office, at (858)534-3534 or wo@ucsd.edu.

## **GENERAL INFORMATION**

Our course environments are characterized by unpredictable weather- it can get chilly at any time of the year. Generally speaking, weather in the surf

location brings marine layer (foggy) mornings, hot to warm days with cool to "brisk" evenings. Strong winds pick up in the afternoon at Punta San Jacinto. Expect water temperatures to range from 62-66 degrees Fahrenheit. Late summer is a beautiful time on the Pacific Coast, but can also be fairly foggy and windy.

You don't need to bring anything more than the items listed. The combination of these items along with the gear we provide will cover all of your clothing and gear needs for the course. Please note that all clothing and personal items must fit into a duffle bag.

**<u>Rental Information</u>**: Many items can be rented or purchased at the Outback Rental Shop. A gear rental request section will be included in the Wilderness Orientation Online Forms you will receive after registration. Be sure to submit your rental request form in a timely manner to ensure availability.

**DO NOT wait until the day you arrive at UCSD to secure the necessary equipment!** We cannot stress enough how important it is for students to arrive with their equipment in good order. Leaky rain gear, dripping water bottles, and ill-fitting boots are a hassle and compromise your own safety and comfort. Our time on campus is limited and we will not have time to shop for equipment. Items that are available for rental or purchase at Outback Adventures will be labeled in *italics* below.

**Equipment Check:** Before you leave for your trip, your guides will check your equipment and ask you to leave behind any items that are not suitable for the trip. If a piece of equipment is deemed unsafe or likely to fall apart in the field, we will require that you replace it by rental or purchase. This policy enables us to ensure the entire group has a safer, hassle-free experience at the break.

# THINGS YOU'LL NEED BEFORE AND AFTER YOUR WILDERNESS TRIP

Duct tape. Just wrap a fair amount around your water bottle.

Please arrive on Day 1 of WO in clothing that you feel comfortable in and is appropriate for running around; athletic clothing and shoes. While we won't be rolling around in the mud, expect to get a little dirty, as we have fun playing games, packing gear, loading trailers, and participating in our Challenge/High Ropes Course. Showers will not be available this night. The nights we spend at UCSD we will sleep outside on the grass. Day 2 through 8, you will be in the field using and wearing the equipment listed above.

Upon your return to UCSD on the evening of Day 8, you will clean your gear (personal, group, etc.) and will (finally) have a chance to take a much deserved shower! Please pack your shower needs in a separate bag labeled with your name. Make sure you include shampoo, soap, towel, Q-tips, deodorant, shaving materials, a clean set of clothes and other necessary shower supplies.
