**Do NOT use Apple Maps.** The Challenge Course is a 15-20 minute walk from the 2 different parking lot options. It is located in the forest, east of Hopkins Drive in the Eucalyptus Grove Reserve at UC San Diego, approximately 1 mile from the parking lots.

Parking on campus can be quite challenging depending on the time of year and various on campus events. There is NO parking at the Challenge Course site. Please carefully read all parking signs and any information on paper receipts / permits to understand the correct spots to park in as the spots and lots occasionally change. Parking officials are very diligent!

## Driving directions to the Sanford Consortium Parking Lot and walking instructions to the Challenge Course.

From the parking lot adjacent to the Sanford Consortium, walk up the staircase as seen in the picture to the left. Head straight through the building atrium to the corner of North Torrey Pines Road and UCSD Northpoint Driveway.

Head East across Torrey Pines Road, over the hill on UCSD Northpoint Driveway. At the top of the hill, cross the street at the stop sign, so that you are on the same side as Spanos Track & Field running track. Not the same side of the road as the large playing field.

Please make sure to cross the road as indicated in the picture to the left, as there is NO safe crossing near the stairs to the challenge course entrance.

At the bottom of the hill, you will see a sign for the Challenge Course. This is the top of the staircase entrance to the course. You can walk down on your own, but a course facilitator should be there to greet you. They will be able to direct you to the closest restroom facilities to our course – porta potties on the corner of Spanos Field. Please do not try crossing the road at the bottom of this hill as this is a sharp turn that people often take too quickly.
