1. Meeting called to order at 2:04pm (with quorum)
2. ICA Video Presentation
3. Approval of Minutes for October 18, November 1, and November 15, 2018 – all approved with no objections.
4. Introduction of new members: Ryan Desmond, Marshall College Representative and Westin Gibbs (Proxy for Bassel Hatoum, Revelle College Representative).
5. Open Group Forum – Reports from colleges: Gregory Thein asked if there was a way we could get a list of Recreation and Athletic events on Facebook that could be used to publicize to their group to increase attendance. Rich said that he would reach out to the Recreation Marketing Team and Athletics to get a list of events and an update from the Recreation Scheduling Team. Also, if a person is at RIMAC, they can ask at the front desk about events. The Scheduling team has giving the Front Desk access to view a calendar of events, but they are still in the process of being trained to use it.
6. Charter Discussion: Victor asked if anyone had any questions, concerns, or changes to the revised Charter. Gregory Thein said had several changes to suggest:
  - Article II, section 1a. Remove the “The” before RFAB in the 2nd sentence. It is unnecessary.
  - Article II, section 5. Change “his or her” to “their”. The reason is that “their” is a more inclusive term.
  - Article III: Membership. Suggestion to add more space between the voting and non-voting members to create more separation visually.
  - Article IV, Procedures. Suggestion to have budgets available online instead of being distributed, or can the distribution be extended to the college councils. Rich explained

that it is the responsibility of the RFAB Members who represent the 6 colleges to the disperse this budget information to the College Councils. The website will be used to celebrate the outcomes of what projects and associated costs have been voted on by the Board. Also, change "his or her" to "their" for more inclusiveness.

These suggestions were discussed. The Board decided to vote on the changes in the Charter and then to vote on the final charter.

7. Vote on suggested edits to the Charter: The Board voted on 3 of the items mentioned above.

- Removing the "The" before RFAB in Article II, section 1a.
- Changing all instances of "his or hers" to "their"
- Adding space between the voting and non-voting member descriptions.

All 3 edits were voted on and approved by the board.

8. Charter Vote: Members voted and approved the revised Charter.

9. Presentations: Westin Gibbs gave a presentation (Proxy for Bassel Hatoum) on Revelle College.

- The first UCSD College established
- 60-75% STEM Majors
- Humanities sequence
- Events of Revelle: Revellution (a mini Sun God Festival), Watermelon Drop, Spirit Night and the Annual Student Services Sports Equipment Event.

As follow up to Westin's presentation, Rich asked if there were things that Campus Recreation could do differently to get more Revelle Folks to come to RIMAC. There seemed to be consensus in the room that Students don't want to walk to RIMAC and would rather go to the Main Gym. Enhancement of the Main Gym would be welcomed – specifically upgrading the basketball court to have the same floors as they do at RIMAC; Consistently updating the calendar on the website so that people don't walk all the way to RIMAC when the facilities they want to use are closed would be helpful; Most people thought they could get what they needed at the Main Gym. Rich mentioned that the Board will be voting on renovations of the Main Gym and Canyon View.

10. Beach Clean-up Update: Victor thanked everyone who showed up to this event. There was disappointment that the RLC did not show up. Next time there is a joint event between the groups better communication may increase participation.
