

Tritons, do your part to flatten the curve and stop COVID-19.

PHYSICAL DISTANCING SAVES LIVES

Stay in your suite or room whenever possible. If you must go out, wear a nonmedical mask or face covering and stay at least six feet from others at all times.

PRACTICE GOOD HYGIENE

Wash your hands with soap and water for at least twenty seconds or use an alcohol-based hand sanitizer before leaving your room and upon returning. While outside, avoid touching surfaces unnecessarily.

STAY HEALTHY

Getting exercise and fresh air is OK. Campus walking trails are open! Go for a run or walk—just make sure to stay at least six feet away from others, don't touch surfaces unnecessarily or participate in contact sports, and wear a face covering.

IF YOU FEEL SICK, STAY HOME AND CALL YOUR HEALTH-CARE PROVIDER RIGHT AWAY.
