

RFAB Meeting Minutes – April 13, 2023

In Attendance:

Nikki Saito - Chair
Melia Movsesian - Vice-Chair
Jasmen Martinez - ERC Representative
Lara Leitz - Seventh College Representative
Peyton Fisk - TAC Representative
Ben Du - GPSA Representative
Dylan Mullaney - RLC Representative
Nicole Li - Revelle College Representative
Heidi Carty - Staff Representative
Macy Rafter - Alumni Representative
Corey Robinson - Game Mgmt & Facilities, ICA
Rich Mylin - Director, Recreation

- 1) Meeting called to order: 1:02 pm
- 2) Approval of minutes:
 - Nikki motioned to approve minutes: March 1, 2023
 - Lara seconded the approval of minutes
- 3) RIMAC Expansion Updates:
 - Project is almost completed
 - The RIMAC Expansion concept design
 - The staircase is now next to the elevator and not right at the entrance
 - The plan (with different pricing) will be finetuned before presented to the Chancellor
 - We will probably only have one racquetball court remaining after the build
 - Phase 1 could possibly be opened by Fall 2024; Phase 1 being the second floor (wellness studio area)
 - RFAB might vote on the funding for this change, since we are on a time crunch
 - The building will be under construction all of next year (the area of the courts and wellness studio will be closed), although the building will NOT be closed
 - The bulk of the expansion will cost us ~\$20 million, offices ~\$5-8 million, the rooftop ~\$1 million
 - This adds up to over ~\$30 million, so we need to finetune our plans to be around ~\$18-20 million
 - Possible Recreation Escape Room
 - Jasmen has heard that people are excited about it
 - Melia asked is the escape room going to flip

- No official plan as of now
 - Nikki: Is there going to be a fee for students
 - The original plan states the room would pay for itself in 2 years; so there would be no cost to students
 - The plan is still in the process
 - The canyonview pool is budgeted to be \$1.1 million and we had set aside \$1.6 million
- 4) RAP Pass Updates:
- We did not budget for additional classes to the RAP Pass last year, unfortunately cannot add classes for this year
 - During the budget meeting (week 6) we will talk about what classes will budget for to be added to the package for next year
- 5) Recreation Facilities Updates:
- The wristbanding process has started 2 weeks ago
 - Rich is asking for feedback from college councils about the process
 - Athletes appreciate the new wristbanding process
 - Currently taking place in Warren and Rimac
 - Not on Muir fields, because we haven't seen outside groups use those facilities yet
- 6) Athletics Updates:
- New padding on the softball/baseball fields
 - Mens crew won San Diego Classic
 - Baseball team is 1st in conference so far
 - 12-2
- 7) Open Group Forum:
- Lara asked how are we going to divert the students using RIMAC right now during the build
 - Most of RIMAC will remain open
 - Reassignment of space is possible; a activity room could possibly flip into a weight room
- 8) Meeting adjourned: 1:49 pm
